### PROFESSIONAL SUMMARY

Java Full Stack Developer with hands-on experience building and maintaining web applications using Core Java, Spring Boot, REST APIs, and modern front-end technologies. Experienced in the complete software development lifecycle, from requirement analysis and database design to deployment. Certified in Multi-Cloud Networking and Full Stack Java Development. Strong problem-solving ability, quick learner, and effective collaborator in Agile team environments, seeking to contribute technical skills to a growth-focused development team.

### TECHNICAL SKILLS

**Languages:** Core Java, J2EE, SQL, JavaScript, HTML5, CSS3

**Frameworks & Libraries:** Spring, Spring Boot, Spring MVC, Hibernate, REST APIs, React.js / Angular, Bootstrap

**Databases:** MySQL, MongoDB

**Tools & Platforms:** Git, GitHub, Maven, Postman, Docker, Eclipse / IntelliJ IDEA, JIRA

**Cloud:** Multi-Cloud Networking (Aviatrix), AWS Fundamentals

**Methodologies:** Agile / Scrum, Object-Oriented Design, Unit Testing

### PROFESSIONAL EXPERIENCE

**Java Developer** | Exads IT Solutions, Pune, India

*Jan 2024 – Present*

- Design, develop, and maintain Java-based web applications using Spring Boot and REST APIs for internal and client-facing systems.
- Build and consume RESTful web services, integrating front-end modules with backend business logic.
- Write efficient SQL queries and manage relational database schemas to support application data requirements.
- Collaborate with cross-functional teams following Agile/Scrum methodology to deliver features within sprint timelines.
- Perform unit testing, debugging, and code reviews to ensure high code quality and application stability.
- Use Git for version control and participate in code deployment and release activities.

**Java Developer Intern** | SK BIT Software Solutions, Pune, India

*Jun 2024 – Dec 2024*

- Assisted in developing and testing Java modules using Core Java and Spring framework under senior developer guidance.
- Worked on front-end integration using HTML, CSS, and JavaScript to build responsive web pages.
- Supported database design and query optimization tasks using MySQL.
- Participated in daily stand-ups and sprint planning sessions, gaining practical exposure to the Agile development process.
- Documented technical processes and contributed to internal knowledge-sharing sessions.

### PROJECTS

**Employee Management System** | *Spring Boot, Hibernate, MySQL, REST API, React.js*

- Developed a full stack web application to manage employee records, attendance, and payroll for internal use at Exads IT Solutions.
- Designed RESTful APIs using Spring Boot to handle CRUD operations, and integrated Hibernate ORM with a MySQL database.
- Built a responsive front-end with React.js and Bootstrap, enabling role-based access for admins and employees.
- Implemented authentication and authorization using Spring Security to protect sensitive employee data.

## Online Inventory & Order Management System | Java, Spring MVC, MySQL, JavaScript, HTML/CSS

- Built a web-based inventory tracking application enabling real-time stock updates, order placement, and low-stock alerts.
- Implemented backend business logic in Java using Spring MVC and designed normalized MySQL schemas for products, orders, and suppliers.
- Created dynamic front-end pages using JavaScript and JSP to display inventory data and generate order reports.
- Optimized SQL queries to improve report generation performance for large datasets.

## CERTIFICATIONS

---

Multi-Cloud Networking Certification – Aviatrix [\(View Credential\)](#)

Full Stack Java Developer Certification [\(View Credential\)](#)

## EDUCATION

---

### Master of Computer Applications (MCA)

2019 – 2022

JSPM's Narhe Technical Campus, Pune

### Bachelor of Computer Applications (BCA)

2016 – 2019

RDG College for Women, Akola | Sant Gadge Baba Amravati University (SGBAU)

## DECLARATION
